HAIR FALL CONTROL

TREATMENT OIL

Healthy Hair & Hairline Growth

RAKA Hair Fall Control Treatment Oil is a strengthening botanical hair treatment developed for weak, fragile, and breakage-prone hair.

Its nourishing blend helps condition the scalp, strengthen the feel of the hair from root to tip, and reduce hair fall caused by dryness and breakage. With regular use, it helps improve softness, manageability, and overall hair strength while leaving the hair smoother and healthier-looking.

Its lightweight texture spreads easily through the scalp and hair without an unnecessarily heavy or greasy feel.

Benefits

Nourish & Strengthen
Helps nourish weak and dry hair while supporting stronger-feeling roots and strands.

Helps Reduce Breakage-Related Hair Fall
Supports fragile hair and helps reduce breakage that can contribute to visible hair fall.

Smooth & Shine
Helps improve softness, smooth rough strands, and enhance the hair's natural shine.

Scalp Care
Helps condition a dry scalp and supports a healthier environment for stronger-looking shiney hair.

For All Hair Types
Suitable for straight, wavy, curly, and coily hair, especially weak, dry, or breakage-prone hair.

Formulated with Intention
Created with a carefully selected combination of botanical extracts and nourishing oils to support strength, moisture, and healthier looking hair.

Recommended For
Weak hair, breakage-prone hair, dry or rough hair, weak-feeling roots, dull hair, split-prone ends, and breakage-related hair fall.

How to Use

For Scalp Treatment

Step 1: Part the hair into sections and apply a suitable amount directly to the scalp and roots.
Step 2: Massage gently using circular motions for 3–5 minutes.
Step 3: Leave on for 30–60 minutes or longer as preferred, then wash thoroughly with shampoo. Use 2–3 times per week.

For Daily Use

Step 1: Take a few drops into the palms.
Step 2: Smooth lightly through the mid-lengths and ends.
Step 3: Leave in and style as usual. Use only a small amount for a lightweight finish.

For Split End Care

Step 1: Apply 1–3 drops to the fingertips.
Step 2: Gently smooth over dry and split-prone ends.
Step 3: Leave in to help improve softness, smoothness, and the appearance of damaged ends.
