CURRICULUM VITAE

Ayesha Amin

Professional Video Editor · Reels · Brand Films · Travel

> **From raw footage to stories that stay.**

PROFILE

Video editor who believes every cut should serve the story. I bring story, motion, and sound together into edits that feel effortless to watch, from fast, scroll-stopping 30-second vertical reels to slow-burn 15-minute documentaries.

My focus in every format stays the same: pacing that holds attention, rhythm that carries emotion, and work that connects with audiences naturally.
